Looks good. I think that's a great idea to look at the website and Summer and the City. Please note, however, that we do have another presenter and need to approve some renewal items. If we run short on time we may not have time to do this but I think it would still make sense to do the following month.

Thanks.

See attached. I'd like to pull up the rebranded website and click through the Summer in the City page if that's OK.
